

# Science National Honor Society

Dear All Students,

We are proud to present the Science National Honor Society to the juniors and seniors at Pembroke Pines Charter High School. This organization has been newly established as of this year, 2013, and will be accepting new members in the fall of the upcoming school year of 2013-2014. Our objective is to encourage students with a passion for science to advance in their studies by interacting with their community to enhance, not only their knowledge, but the knowledge of the people around them. The members of SNHS will be competing in various competitions, giving back to the community, fundraising for those in need, and of course, having fun through an assortment of field trips such as Science Day and a Canoeing trip. The Science National Honor Society is one of service, leadership, character and scholarship, and shall lead you in the right direction towards your bright future.

If you are interested in becoming a member as a junior or senior for the 2013-2014 school year please fill out the form below and return it with the following items to **Mrs. Hernandez-Davis' room, #S122 by May 28<sup>th</sup>, 2013. We will not be accepting any late applications.**
