Class of 2019 Officers (Class officers only)	Ms. Santiago	S204	masantiago@pinescharter.net

Creative Writing - Creative writing club is an excellent venue for students who wish to develop creative writing skills and share their work with other writers in a literary community. It is an open space for individuals to express themselves through the written word. We hope to see you there!

Music Appreciation - The music appreciation club invites students to explore and share their favorite music with others as well as talk about what it means and/or relates to their lives. Also, it is open to musically talented students, who would like to share their original songs and instrumental play with the group. Let's get creative together.

Book Club - Do you love to read? Like to talk about books? Then join the PPCHS Book Club Homeroom group!

Chess Club – Do you enjoy chess? Students will be pairing up with our Academic Village Middle School students to teach and play with them.

Florida Explorers Club - We will research Florida history, ecology, and create itineraries for people to travel and see Florida.

Current Events – The current events club will focus on a discussion of current news and events with CNN student news video clips.

American Red Cross – The goal of this club is to focus on our community and giving back. The American Red Cross helps others, like victims of natural disasters or other catastrophic events, like fires. The American Red Cross also works with military members and the community.

Yearbook Ambassadors - The yearbook/newspaper club offers students an opportunity to contribute to the school media by assisting in covering school events and playing an integral part in yearbook/newspaper marketing campaigns. Some newcomers will have their work published in the school media and/or yearbook. Look forward to seeing you in homeroom -- and in the school media
